BERBERIS MENTORENSIS

Plant Patent No. 99

(Sun or shade—ultimate height 5 ft.)

Barberry Mentorensis is the result of a cross between Barberry Thunbergi and Barberry Juliana. It is a plant with very rugged, strong, upright growing branches and heavy thorns. Its foliage is heavy and thick and of perfect color—a green as dark as the Japanese Yew.

EVERGREENS

Prices are for Evergreens Securely Balled and Burlapped.

Can dig Evergreens, roots puddled at the following reduction in price:

12 to 18 inches at 12c. 18 to 24 inches at 15c. 2 to 3 feet at 20c.

Our Evergreens have all been three times ~~xxx~~ transplanted, having been grown with plenty of room for development. Have been properly sheared and pruned for producing compact, symmetrical specimens.

Evergreens selected and tagged by customers in the nursery field will be subject to a 10% additional charge.

Height specified after variety indicates height tree should obtain at maturity.

We cannot assume responsibility for the successful transplanting of Evergreens, as weather conditions, method of handling and care govern results secured and are sold with the distinct understanding that if they arrive in good condition and are accepted, our responsibility ceases.

ARBOR VITAE, Thuja

OCCIDENTALIS WOODWARDI, Woodward's Globe. 2½-3 ft.

Per 10 Per 100

Forms a natural globe up to three feet in diameter. Foliage softer and slightly darker than other varieties. Of compact, even, regular shape.

270	12 x 12 inches.....	\$ 6.50	\$60.00
210	15 x 15 inches.....	8.50	80.00
20	18 x 18 inches.....	10.00

ORIENTALIS, Chinese. 20-25 ft.

Pyramidal or bushy with ascending branches. Attractive foliage.

110	2 to 3 feet.....	8.00	75.00
100	3 to 4 feet.....	11.00	100.00
70	4 to 5 feet.....	14.00	125.00

FIR, Abies

PSEUDOTSUGA DOUGLASI, Douglas Fir. 70-80 ft.

A Colorado specie of rapid growth. Makes a large symmetrical tree. Foliage bluish-green. Very drought resisting and may be planted in dry soils where others cannot survive.

60	18 to 24 inches.....	10.00
90	2 to 3 feet.....	14.00
30	4 to 5 feet.....	25.00

160	2½ to 3 feet.....	22.00	200.00
30	3 to 3½ feet.....	27.50

COMMUNIS HIBERNICA, Irish Juniper. 7-8 ft.

Foliage glaucous green. An old, well known popular variety.

700	18 to 24 inches.....	10.00	85.00
350	2 to 3 feet.....	14.00	125.00

COMMUNIS SUECICA, Swedish Juniper. 5-6 ft.

Grayish-green prickly needles. Compact and pyramidal habit. Very hardy.

200	18 to 24 inches.....	10.00	85.00
-----	----------------------	-------	-------

PROCUMBENS, Creeping Chinese Juniper

The best of creepers. Foliage bright bluish cast. Will grow anywhere.

50	15 to 18 inches.....	14.00
60	18 to 24 inches.....	18.00
150	2 to 2½ feet.....	25.00	225.00
80	2½ to 3 feet.....	28.00	250.00
18	3 to 3½ feet.....	32.50

PROSTRATE

These superior low, dense growing strains of Prostrate Juniper are the best we have ever seen. Of Rocky Mountain origin, extremely hardy and very desirable for bank and ground covering. Color varying from green to silver. 6 to 8 inches in height.

90	15 to 18 inches.....	10.00
150	18 to 24 inches.....	12.50
65	2 to 2½ feet.....	17.50
25	2½ to 3 feet.....	20.00
10	3 to 3½ feet.....	25.00

Admirabilis
Adpressus

Eximus
Subglaucus

SABINA, Savin Juniper. 3-4 ft.

Spreading form with slender branches and dark green leaves. Excellent for foundation work and for underplanting.

180	15 to 18 inches.....	14.00	125.00
320	18 to 24 inches.....	16.50	150.00
170	2 to 2½ feet.....	20.00	185.00
40	2½ to 3 feet.....	25.00	225.00
130	3 to 3½ feet.....	28.00	250.00
50	3½ to 4 feet.....	30.00

SABINA HORIZONTALIS, Creeping Savin. 6-8 ft.

Trailing stems and upright spreading branches. Dark green foliage.

120	15 to 18 inches.....	9.00	85.00
160	18 to 24 inches.....	12.00	110.00
190	2 to 2½ feet.....	16.50	150.00
100	2½ to 3 feet.....	19.00	175.00
35	3 to 3½ feet.....	25.00

SPECIAL VARIETIES OF OUTSTANDING MERIT

Hybrid Tea, Tea, and Everblooming.

These special and newer varieties are offered herewith for your consideration. They have been tested under varied conditions and have proven worthy. Many of them have found permanent places in the Rose Gardens, and all are highly recommended.

Condesa de Sastago, a Spanish two-toned rose producing a profusion of fully double open flowers on vigorous bushy plants; petals are deep coppery pink inside, golden yellow reverse.	Per 10	Per 100
960 No. 1.....	\$ 2.10	\$18.00
640 No. 1½.....	1.70	14.00
Gloriana, Plant Patent No. 391. A rose retaining its remarkable yellow color in the hottest weather, deepening to the two-tone color of Condesa de Sastoga, finishing the season in a burst of color.		
490 No. 1.....	3.50	30.00
Golden Rapture, long lasting, beautifully formed buds, fully double blooms of rich yellow on long strong stems. A vigorous grower.		
180 No. 1½.....	1.80	15.00
Heinrich Wendland, distictively two-toned, large, double blooms, with inside of petals nasturtium red, reverse golden yellow. An excellent plant.		
490 No. 1½.....	1.80	15.00
McGredy's Ivory, a very large, long pointed bud developing into a large, double high centered flower of soft delicate creamy white that merges into a yellow base; moderately fragrant. Vigorous grower and disease resistant.		
280 No. 1½.....	2.10	18.00
McGredy's Yellow, large bright buttercup yellow flowers of perfect form and sweetly scented. The foliage is heavy and glossy, dark green on red stems.		
100 No. 1.....	2.75	24.00
400 No. 1½.....	2.10	18.00
Mme. Joseph Perraud, high-centered, perfectly formed buds and double blooms shading from shell pink at the edges to buff and orange in the center. An excellent variety of superior quality.		
160 No. 1½.....	2.10	18.00
Mrs. Sam McGredy, a large, long pointed bud; flower large, double, and in color scarlet-copper-orange, heavily flushed with red on outside of petals. A vigorous grower, disease resistant and prolific bloomer.		
190 No. 1½.....	2.10	18.00
Nellie E. Hillock, Plant Patent No. 185. Bi-colored pink with gold base; petals deep rose-pink on the reverse, pearl to silver pink on the inside.		
590 No. 1.....	3.50	30.00
Soeur Therese, one of the best of the yellow Hybrid Teas. A fine, free blooming and very satisfactory variety, producing double blooms of rich yellow. An upright, vigorous grower.		
460 No. 1.....	2.10	18.00
90 No. 1½.....	1.70	14.00

the center. Mid-season.....	4.00	35.00

PERENNIALS

We have one of the largest and most complete assortments of Hardy Perennials, Alpine and Rock Garden plants of any nursery in the Middle West. Our plants are, except as specified, field grown, properly transplanted to give the necessary root development for high class landscape planting.

We have approximately 60 acres of overhead irrigation, devoted to the propagation of our Perennial and Rock Garden plants. We have searched the world over for new varieties of seeds and plants.

If you live near Shenandoah, we cordially invite you to come and inspect our perennial fields. There is hardly a day during the summer and early fall but what our fields are a mass of bloom.

All perennials should be shipped by express. They are very perishable and should not be included in a freight shipment.

RG indicates the adaptability for rock garden planting.

The perennials that we are offering in this section are bare root, most suitable for landscape planting. If you are interested in packaged perennials, bulbs, etc., please write for our special price list No. 15 which covers a complete assortment of the more popular selling items suitable for store and counter trade.

SPECIALTY ITEMS OF THE NEW AND IMPROVED VARIETIES OF PERENNIALS

We are constantly in touch with plantsmen who specialize in the origination and improvement of new and better varieties of Hardy Plants, bringing these plants and seeds to our own nurseries for a thorough trial before offering them to our customers. We are extremely interested in offering you these newer varieties only in plants of real merit and dependability, plants that are adapted to extreme climatic conditions.

We have carefully checked our variety listing of perennials of some of the more recent introductions and wish to offer herewith a few suggested varieties that are worthy of your consideration.

ANTHEMIS, NEW ART SHADES.	Per 10	Per 100
This fine compact and upright growing variety is certainly a great improvement over its weedy ancestors. Plants 18 in. high, covered with white and yellow daisy-like flowers. Good for cutting. June to August.....	\$ 1.20	\$10.00

AQUILEGIA, Columbine (RG).		
Crimson Star. Something entirely new in Aquilegia! Large flowers of the most striking crimson, with white corolla. The plant has a sturdy full-flowering habit. Blooms in May-June. 24-in.	1.20	10.00
Monarch Hybrids. The lack of vivid blue shades, so often a bad feature in Aquilegia mixtures, has been surmounted in Monarch by growing blues separately and blending them into the mixtures after harvesting. This new MONARCH strain produces flowers of very large size with broad petals of perfect form and great length of spurs. May-June. 24-in.....	1.40	12.00
Silver Queen. Silvery white flowers, very long spurs. May-June. 24 inch	1.40	12.00

ASTERS, NEW DWARF (RG).		
Without exception, everyone who sees these new Dwarf Asters, recently imported from England, in bloom in our nurseries, purchases some. They are neat of habit, the foliage is attractive, and in the blooming season in September and October, there are literally hundreds of blooms in the most delicate shades of lavender, pink, and lilac. They are truly dwarf, rarely exceeding one foot in height, perfectly hardy, and especially valuable for rock garden, coming at a time when the rock garden is void of flowers. We have selected the best of this group of Dwarf Asters to offer to our customers.		
Lilac Time. Deep violet-blue flowers are produced on well rounded bushy plants growing to a height of 15 in. It is a most colorful and outstanding variety. September.....	1.40	12.00
Nancy. Lively flesh-pink flowers literally cover this dwarf bushy plant in late September. 1 ft.....	1.20	10.00
Snow Sprite. (Snow Fairy.) A very dwarf early September flowering variety, forming graceful plants a foot high. They are almost smothered with charming, semi-double white flowers.....	1.80	15.00
Star of Wartburg. Dark lilac-blue flowers with orange center, growing 12 to 14 inches high on strong, erect stems. Good cut flower, working up well with other flowers. Possible to cut more than one crop, providing young flowers are cut when they are ready. This is the best of all Dwarf Asters. The variety we are growing is a special strain grown from divisions which were imported from Holland.....	1.40	12.00

PERENNIALS—Continued

ASTERS, HARDY.	Per 10	Per 100
The following varieties of Upright Asters are new and improved varieties. Very large in bloom and extremely colorful. The old varieties that have been handled for years have practically passed out of the picture. For mass planting, the following varieties are tops:		
Blue Gem. Large lovely flowers of blue with a yellow center. Double flowers. Best blue in cultivation. September until frost. 3 to 4 ft.....	\$ 1.40	\$12.00
Red Rover. The first red Fall Aster. Deep rosy red flowers with golden center; buds bright red. Free blooming, compact habit. September to frost. 3 to 4 ft.....	1.40	12.00
BUDDLEIA.		
We wish to offer the following group of new Buddleia. These plants are all being offered in strong, 2¼-inch pots. These varieties are all seedlings of the Buddleia Fortune and have all its characteristics.		
New Dark Red Buddleia, Concord. The buds and newly opened flowers are the color of Concord grapes, changing to a dark red. Each individual flower has a blood-red eye shading lighter to the edge of the petals. Strong, robust flower spikes of tremendous length with the flowers produced in small clusters all around the spike. Pot plants.....	2.50
New Blue Buddleia, Eleanor. Eleanor-blue with an orange eye, combining beautifully with any pink flower, and keeps well as a cut flower. Very dwarf, strong, bushy plant, attaining a height of only 30 to 36 inches, with full, rounded flower heads, very compact, with individual flowers of good size, which do not sunburn. Pot plants.....	2.50
New Red Buddleia, Dubonnet. An entirely new color in Buddleia an exact counterpart of the popular French wine Dubonnet. In sunshine and under lights it glows about a true red. Firm, cylindrical spikes, snugly set with individual flowers of good size that do not sunburn. Plant of robust, erect growth, strong stems. Leaves large, of firm, leathery texture. Pot plants....	2.50
Fortune (Plant Patent No. 206). We believe Buddleia Fortune is very close to perfection. Bush of neat habit, about four feet high and four feet across, with none of the wild and rough growing characteristics of the older varieties. True lilac color overlaid with orange, foliage large, leathery, dark green. Sprays from 12 to 18 inches long, fully round and bloom from base to tip at practically the same time. (Retail 75c each; \$8.50 per 12)	3.50	25.00
Charming. A new shrub bearing throughout the summer and autumn. Elegant long sprays covered with lovely lavender-pink blooms which, compared to other varieties, are distinctly pink. Has exceptional value for house decoration. (Retail 75c each; \$7.50 doz.)	4.00	30.00
CHRYSANTHEMUMS, CUSHION, HARDY (RG).		
A group of low-growing Chrysanthemums, forming mounds of blooms, reminding one of the old-fashioned Azalea. The plants grow about 10 or 12 in. high and spread 2 ft. or more. They flower quite early. All during September they are literally covered with hundreds of flowers which last over a long period. All are descendants of the Chrysanthemum Amelia, more often called Pink Cushion Chrysanthemum. We recommend handling these as pot plants.		
Bronze Cushion. As the flowers first open they are warm rich red bronze, then turning to a bronzy yellow with a light red center giving a delightful effect. Later, lighten to a beautiful golden bronze shade	1.40	12.00
King Cushion. Pure fiery red. Multitude of beautiful 2 to 2½ in. flowers. A startling contrast to anything that has so far been introduced	1.40	12.00
Pink Cushion. Flowers open to a deep orchid pink then change to a light orchid with a creamy center finally salmon pink with a soft yellow center. Has a record of 3,000 flowers the first year. Very hardy.....	.95	8.00
Queen Cushion. Snow white flowers with a faint yellow center. This variety should be planted with the brighter colors to get the full effect of the flower and a contrast of colors.....	1.40	12.00
Yellow Cushion. Pure, golden yellow, very brilliant. Develops into large, dense clumps, often measuring 24 to 30 inches across, producing hundreds of strikingly beautiful flowers. Make a wonderful show in the landscape, coming into flower the first of October	1.40	12.00

PERENNIALS—Continued

CHRYSANTHEMUMS, HARDY.

	Per 10	Per 100
These Chrysanthemums are available for early spring delivery only and are offered in a 2 in. pot plant. Each plant will be shipped with the original ball, potted in Neponset green paper pots, properly packed so as to insure 100% delivery. These better types of Chrysanthemums are hard to handle as dormant plants and for that reason we recommend the pot plants and you may rest assured you will have 100% stand on these plants and blooms the first year.		
The following New Hardy Chrysanthemums which we are offering are recent introductions of one of the foremost Chrysanthemum hybridizers in the United States. We can truthfully recommend these to you as something new and different and well worth your consideration.		
Indian Summer. A very hardy variety. Double glowing orange flowers, 3 inches across, somewhat shaggy in make-up. Fine plants, never requiring support of any kind. Height 2 to 2½ feet. In full bloom October 15.....	\$2.50	\$
Lavender Lady. A true lavender Garden Chrysanthemum. No trace of mauve, pink, or magenta appears under any light conditions. The silvery lavender flowers are 3 inches or more across and appear in perfect branching sprays. Unusually hardy. Height 2½ feet. In full flower October 8	5.00
Pale Moon. Delightful, fluffy, sulphur-yellow blossoms completely cover the plant. Loosely double flowers, 2½ inches across, of excellent keeping quality. The aroma is that of butternuts. Height 2 ft. In full flower October 5	5.00
Rose Glow. Quantities of cinnamon-scented blossoms of a distinct raspberry color which changes to an opalescent rose, describes this lovely variety. The flowers are 2 inches across, fuller than semi-double and borne on slender sprays. Height 1½ to 2 feet. In full flower October 5	5.00
Symphony. Mauve-rose overcast soft coppery-rose, with the sheen of damask silk, later taking on silvery-lavender and faint coppery tones which are fascinatingly illusive. The flowers are 3 inches across. Height 2½ to 3 feet. In full bloom October 10	3.50

DELPHINIUM.

Belladonna Improved, Clivedon Beauty. Our strain of Belladonna Improved is produced from stock seed of Clivedon Beauty, carefully selected to keep it absolutely pure and true to type. It is far superior to much of the so-called Belladonna Improved that is on the market today. Beautiful sky-blue. Blooms in June and again in September. 4 to 5 ft.....	.95	8.00
Bellamosa, LaMartine. It is a deeper shade than Bellamosa and has a distinct white eye. In color it is more like the old Formosum but is a much better grower and has better foliage. Is not so susceptible to disease. Long blooming period. 4 to 5 ft.	1.40	12.00
English Hybrids, Blackmore & Langdon. This English strain is unsurpassed in the development of the Delphinium family. Enormous flowers in blue, mauve and pink. Solid, erect spikes, very tall and rigid. Grand for cut flower purposes. Long blooming season. 4 to 5 ft.....	1.40	12.00

DICENTRA.

Eximia (RG). This is not a particularly new item, but it is very worth while and few nurserymen know it. We recommend it very highly, equal to or better than the old fashioned Spectabilis variety. Rose colored flowers produced all summer. 12 in....	1.00	9.00
---	------	------

GAILLARDIA SUN GOD.

Wonderfully prolific and hardy, neat in habit, with upright growth. Fine gray-green foliage, topped with magnificent chamois-yellow flowers, 3 to 3½ in. in diameter. 24 in. (Retail \$1.50 per 3; \$4.50 per 12; \$30.00 per 100.).....	1.80	15.00
--	------	-------

GYPHOPHILA.

Rosy Vell. Produces quantities of blossoms of soft delightful pink. Spreading plant about 1½ ft. in height, flowering very freely in July and more or less throughout the summer. Excellent for cutting.....	1.80	15.00
---	------	-------

HEMEROCALLIS.

Hyperion. A hardy, pale yellow shading toward citron Hemerocallis, which will grow in dry, wet, sunny or shady places. Fragrant buds which open well in water. Blooms throughout July and early August. 40 in. (Retail 75c each; \$2.70 per 3; \$7.50 per 12).....	1.00	35.00
---	------	-------

PERENNIALS—Continued

LILIUM.

Elegans Tip Top. This is the original Red Russian Lily, and is best adapted of any of the Elegans for outdoor planting. Deep red. Stem rooting. 1½ to 2 ft. high. Erect blooms. June-July.

	Per 10	Per 100
4 to 6 inches.....	\$0.60	\$ 5.00
6 to 8 inches.....	1.20	10.00

LUPINES

Russell's Hybrids. Extraordinary colors and color combinations never before seen in Lupines. Individual flowers about average size, upright standards of some being an inch across. All flowers on spike open at once from top to bottom. Spike 3 to 5 feet tall. The sensation of the English Horticultural World in 1937 3.50 30.00

PHLOX.

Annie Laurie. Large trusses of salmon-pink flowers. An attractive new variety 1.10 9.00

Augusta. (Plant Patent No. 252.) The finest cherry-red Phlox ever introduced. Medium height, about 2½ ft. when fully grown, with rich, bronzy green foliage. Blooms for a period of two months. (Retail prices: 50c each; \$1.50 per 3; \$4.50 per 12.. 2.50 18.00

Border Gem. A beautiful deep purple Phlox. A most unusual shade, which does not fade, of good size..... 1.40 12.00

Border Queen. Very large florets of rich satiny rose-pink. One of the best new pinks. Very rare and beautiful. Plants are dwarf and excellent for garden. August-September..... .95 8.00

Caroline Van de Berg. Large flowers of very striking blue. The best "Blue" to date. A lovely fascinating color combined with large individual blooms and trusses..... 1.40 12.00

Columbia. (Plant Patent No. 118.) The finest light pink Phlox ever introduced. The color suggests a delicate cameo-pink with faint blue shading at center. Exquisite effect. Sometimes called the "perpetual-flowering Phlox," because of a lateral or secondary flower spike from each leaf joint. (Retail \$1.10 per 3; \$3.30 per 12.) July to frost. 24 in..... 1.40 12.00

Daily Sketch. Large trusses of lustrous pink with crimson-rose eye. Very large, single florets measure 1½ in. across. No other hardy Phlox produces florets so large. Color does not fade. Long blooming—starts in July and continues until frost. 3½ ft. high..... 1.20 10.00

Hauptman Koehl. Glowing, full-toned red. Large florets curl and expose silver-rose back as bloom ages. Finest red Phlox propagated today. Large compact trusses on strong stems. The flowers retain color for a long period. July to frost. 24 in.... 1.10 9.00

Leo Schlageter. Huge, pyramidal trusses of scarlet-carmine with dark center. Strong and showy..... 1.20 10.00

Morganrood. Flashing rose-pink with slightly deeper eye. Large florets. Strong grower. 2½ to 3 ft. July to frost..... .95 8.00

P. D. Williams. Brilliant pink with rose center. Extra large florets. One of the best pinks. Pyramidal trusses. Grows compactly, retains color unmarred and unbleached through the entire summer and fall. 2½ ft..... 1.40 12.00

Royal Purple. Very beautiful. Purple is very rich and deep at edges, shading to violet in center of petals, then deep reddish purple at eye 1.10 9.00

PHLOX, SUBULATA.

Atropurpurea. A rich wine color..... 1.20 10.00

Blue Hills (RG). An improved Subulata, finest known variety. Flowers are light blue, blooming in May and June..... 1.20 10.00

PERENNIALS—Continued

PAPAVER ORIENTALIS.

We have to offer the following list of Oriental Poppies for August and September planting. This is a preferred list of the newer and better varieties. We can truly recommend them to you as the best of all the new Poppies. These plants are grown from root cuttings. Flower in May and June, 3 to 3½ ft. tall. Suggest you place your orders now for early fall planting. Our Poppies will be in bloom the latter part of May and we invite you to come and look them over. We have over 60 separate named varieties which we are blooming.

	Per 10	Per 100
Australia. 42 inches. Large massive flowers of oxblood red on rigid stems. A fine new introduction.....	\$4.00	\$37.50
Betty Ann. Beautiful crinkled flower of LaFrance Pink. No spots. Profuse bloomer. Lasts longer as a cut flower than any other variety so far observed. 24 inches	3.00	26.00
Big Jim. 36 inches. Mammoth, gorgeous flowers of deep maroon. Outstanding color and vigorous growth.....	3.00	26.00
Echo. A different pink Poppy. Very attractive. Light silvery pink with a light maroon blotch.....	4.00	37.50
Flashy Glow. Yellow with an orange cast, clearer than most others of this type. Blooms late mid-season	2.50	20.00
Gold of Ophir. 24 inches. Golden orange which develops into the nearest yellow of any Oriental Poppy as the plant grows grows older. May be disappointing the first year, but will repay you for waiting	2.50	20.00
Mary Jane Miller. Very large flower of intense shade of geranium pink, carried on long stiff stems. An early, prolific bloomer. Outstanding	4.00	37.50
Phenomenal. The finest soft, clear pink poppy grown today. Crinkly, deep-rose-pink, with a crimson maroon blotch at base of petals. Flowers are unusually large on strong stiff stems. The best Oriental Poppy of all.....	2.90	25.00
Purity. Pure, soft pink without spot or blemish.....	2.50	20.00
Red Lacquer. 44 inches. Deep crimson of giant size	3.00	26.00
White Queen. Of more dwarf growth, dead white, small intense black spots	3.00	26.00

TRITOMA, Kniphofia, Red Hot Poker (RG)

Towers of Gold. Exceptionally showy, with large, rich, golden yellow flower trusses. Vigorous, free flowering, and as fine for cutting as for garden display. August and September. About 30 inches	1.80	15.00
--	------	-------

VERBENA, HARDY (RG).

Separate colors, Pink and Red. This is a truly wonderful perennial. Blooms from early spring until frost. Excellent ground cover needing a little protection through the winter. We have these in separate colors, red and pink.....	1.20	10.00
--	------	-------

VIOLET (RG).

Double Russian. We are extremely pleased to be able to offer this highly scented Violet, which has been very difficult to obtain for many years. Double flowers, extremely fragrant. It is a slow grower, and does not spread much. Suitable for shady cool places, and especially adapted to cold frame work. Winter flowering. (Retail, \$1.10 per 3; \$3.30 per 12; \$20.00 per 100)	1.40	12.00
Prince of Wales. This is one of the newer English Violets. Very fragrant. Two blooming seasons, early in the spring and late in the fall. Flowers extra large. Color Royal Purple.....	.95	8.00

IRIS

We have revised our 1939 Iris list, and have added several good varieties, which are worthy of your serious consideration. We have divided our Iris into three groups—the "Extra Good" varieties, "Medium Priced" varieties and "Standard" varieties. We guarantee our Iris to be true to name, and are available for shipment any time. In fact, Iris can be transplanted most any month of the year, providing the frost is out of the ground.

EXTRA GOOD VARIETIES.	Per 10	Per 100
This list contains some of the World's Finest Iris. Practically all of them are recent introductions and are much improved over the old type. If you have never handled any of these "Extra Good" varieties, it would be our suggestion that you try a few of them. Your customers will enjoy getting acquainted with them.		
Acacia Rose, medium height. Large rose petaled flowers.....	\$1.80	\$15.00

PAPAVER ORIENTALIS

The following Oriental Poppies, with the exception of the Seedlings, are grown from root cutting plants. Some of these varieties are new and improved varieties, and are being introduced by us for the first time in this section of the country. Oriental Poppies, for best results, should be planted the latter part of August, for they are completely dormant at that time. However, some have planted Poppies in the spring with varied success. We have these Poppies available and would be glad to send them to you at your risk. Otherwise, we would recommend that you place your order with us at this time for delivery when dormant in August. 3 to 3½ ft. May and June.

	Per 10	Per 100
Australia. (See New and Special Items).....	\$ 4.00	\$37.50

5 trees (any assortment) at 10 rate

FALL AND SPRING BULBS

300 or more bulbs (not less than 50 of any one variety) at 1,000 rate
Under 300 bulbs at 100 rates

Note:—Classifications as given above are understood to be as listed under general headings in price list. (Broken lots of less than 10 of any one variety and grade will be billed at 15% above 10 rate.)

ALL PRICES ARE NET, BOXING AND BALING EXTRA; NO CHARGE FOR PACKING BULK CARS.

SHIPPING—Please give shipping instructions whether by freight or express and route. If no instructions are given we will forward to the best of our judgment, without assuming responsibility. All goods travel at the purchasers risk and expense.

TRUCK SERVICE—We are able to offer truck service within a radius of 300 to 500 miles from Shenandoah. Charges average about the same as railroad rates with delivery at your door. If interested write for further information.

CAUTION—We accept all orders subject to crop conditions and on condition that same shall be void should injury befall our stock from hail, fire, frost, error in count or other causes beyond our control.

GUARANTEE OF GENUINENESS—If any nursery stock proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace such nursery stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

CLAIMS for any cause must be made promptly on receipt of stock. We will not entertain claims after goods have been once accepted, or when report is not made within Ten Days after arrival of stock. We express or imply no warranty as to productiveness or life of the nursery stock we sell and will not be in any way responsible for the results secured in transplanting.

SPECIAL NOTICE—Correspondents are requested to use their printed business letter-heads. We do not quote prices to retail buyers. We use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them.
